Tawas Red Barrel Project

To whom it may concern,

I am writing this letter to express my support for the Red Barrel Project. The Tawas Police Authority became a prescription drug drop off location approximately one year ago. I believe it has been a great success. Not only does it give people a place to safely and conveniently dispose of narcotic and other prescription drugs but it also causes the conversation of safe storage and disposal of these drugs to be had by many people that, prior to the project, were not aware of good options.

I would encourage any agency to participate. The Barrel is safe and secure and turning the drugs over to the DEA twice a year for disposal is very simple.

Sincerely,

Mark Ferguson,
Chief of Police
Tawas Police Authority
